

Proposed Schedule of MBA Core Courses
Monday/Wednesday evenings

REVISED September 2006

By following this proposed schedule, students are assured that the classes will not conflict in day or time and the prerequisites have been met. If you cannot follow this proposed schedule of core classes, it is your responsibility to design a workable schedule that includes all core classes and prerequisites.

Fall 2005

Fin 514	Economic Environment of the Firm (4 credits)
Actg 511	Financial Reporting (4 credits)
BA 531	Executive Briefings (1 credit)

Mgmt 562	Business Strategy Capstone (4 credits)
Mgmt 560	Ethics in Organizations (2 credits)
BA 561	Law for Managers (2 credits)
BA 509	Leadership Immersion (1 credit)

Summer 2007 through Spring 2008

BA 506	Business Project
	Electives/option/specialization

- The prerequisite of BA 506 is completion or concurrent enrollment in BA 509. This class is intended to be a capstone-like application of tools and concepts to a hands on project for a local company.
- Each student will select elective coursework that totals at least 16 credits. A maximum of 8 credits of electives may be "SLASH" credits (400/500 level coursework taken for graduate credit). Electives will be selected from courses offered by the SBA or may, with pre-approval of the associate dean for graduate programs, be selected from areas outside business administration. Electives are an opportunity to develop an area of specialization within the MBA program.
